 Generative AI Photo Studio

# ERARTA AI

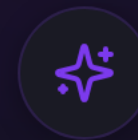

Create stunning visuals with the power of generative AI

AI Photo Generation

One-Click Editing

Pro Quality Results

Built by **ERARTA Studio**

# The Problem

## Expensive

Professional photo editing costs \$50-500+ per session. Hiring photographers and editors is out of reach for most creators.

## Time-Consuming

Learning Photoshop or Lightroom takes months. Even simple edits can take hours without professional skills.

## Requires Expertise

Getting studio-quality results requires years of training in photography, lighting, composition, and post-processing.

# The Solution

**AI-powered photo generation and editing platform**

Upload any photo and let AI transform it into professional-quality visuals. No skills required, no expensive software needed.

## **Instant Results**

Generate or edit photos in seconds, not hours

## **No Skills Needed**

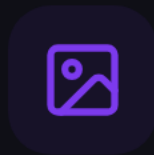

AI handles the technical complexity for you

## **Affordable**

Professional quality at a fraction of the cost

# Key Features

## AI Photo Generation

Generate stunning photos from text prompts using state-of-the-art Stable Diffusion models.

## Background Removal

One-click background removal with pixel-perfect edge detection powered by AI segmentation.

## Style Transfer

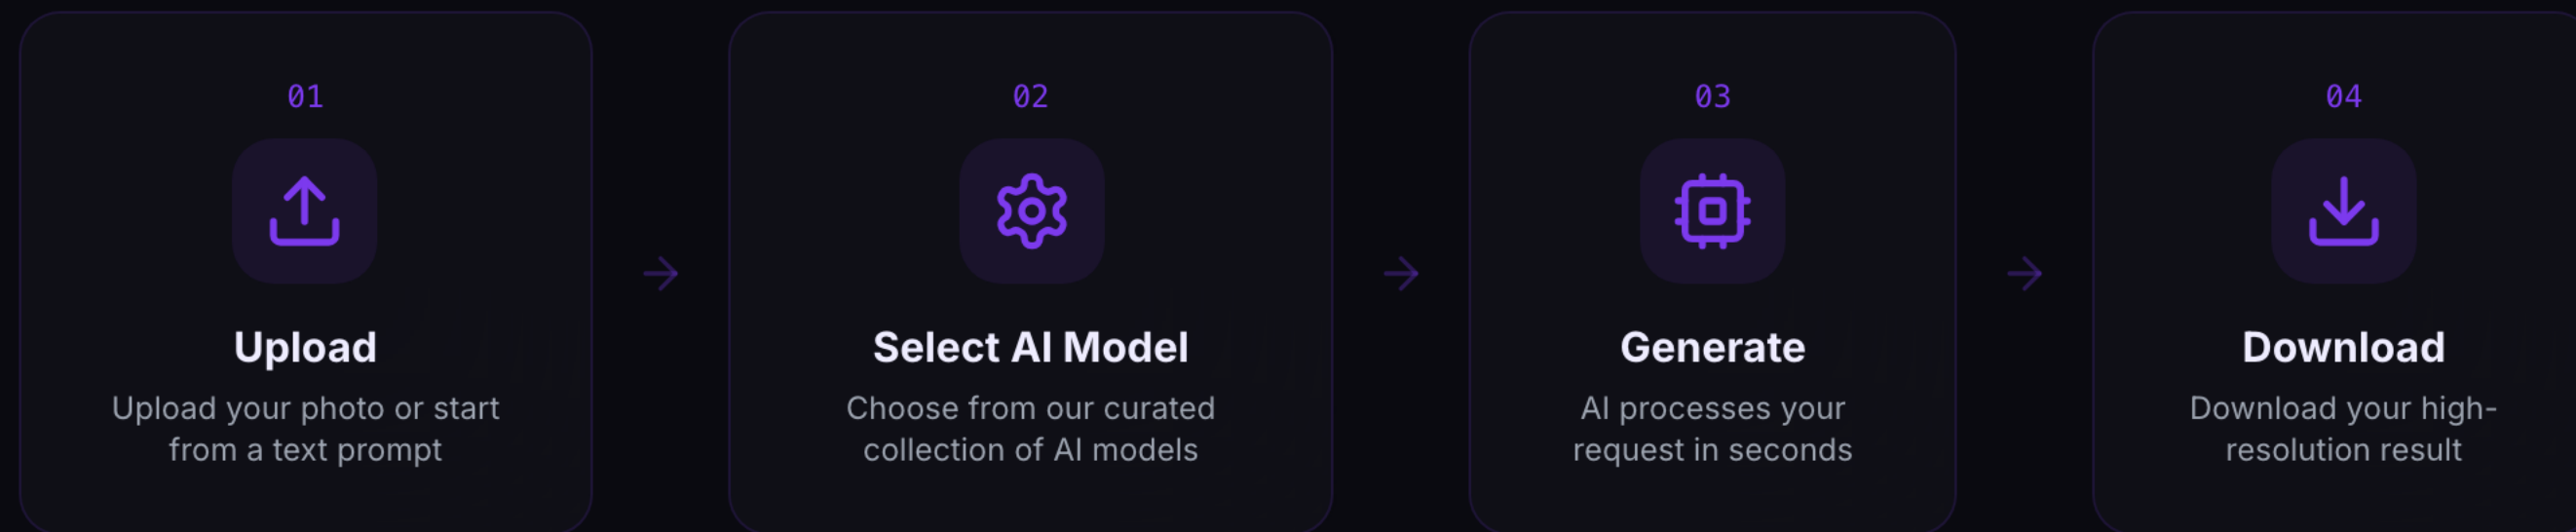

Transform photos into different artistic styles — oil painting, watercolor, anime, and more.

## Batch Processing

Process hundreds of images at once. Perfect for e-commerce, marketing, and content creation workflows.
